Spiral Wound Gaskets,
Full Face Ring Gaskets
Materials: Non Asbestos, Metallic

Steam Boilers & Services

Valmos Holding Group offers comprehensive steam boiler solutions for both industrial and domestic applications. Our services cover the entire lifecycle of the boiler system:

Supply & Installation

We provide high-efficiency steam, hot water, and condensing boilers sourced from trusted global brands.

Maintenance & Upgradation

Our skilled technicians deliver thorough maintenance services and cutting-edge upgradation options, including fuel-saving innovations.

After-Sales Support

Dedicated service ensures optimal performance and longevity.

We work with renowned brands such as **COCHRAN, TECNOTERMICA, AND AIC HEATING** to ensure you receive the best in quality and reliability.

Welding Machines & Consumables

Valmos Holding Group provides advanced welding solutions designed for precision and durability. Our range includes:

Welding Machines:

Engineered for superior performance across diverse industrial applications.

Welding Regulators & Torches:

Engineered for superior performance across diverse industrial applications.

Consumables & Safety Gear:

Top-quality products and essential protective gear to ensure efficient and safe operations.

Our offerings are designed to meet the rigorous demands of modern industry while maintaining high standards of quality.

Integrated Infrastructure & Survey Services

In partnership with Krish Arabia, Valmos Holding Group delivers integrated infrastructure solutions that include:

Medium Construction:

Providing essential construction materials and site work services to build robust foundations for roads, commercial buildings, and public infrastructure.

Portable Cabin Units:

Offering high-quality, customizable portable cabins ideal for temporary offices, on-site accommodations, or remote facilities.

Automatic Traffic Count Surveys:

Conducting comprehensive traffic surveys that include vehicle counts, turning movement analysis, speed profiling, and queue assessments. Our surveys provide actionable insights to optimize traffic flow, enhance road safety, and support effective urban planning.

Engineering & Consulting Services

In partnership with Al Nujaba Engineering & Consultancy Company, Valmos Holding Group offers end-to-end engineering and consulting services that transform visions into reality. Our services include:

Project Planning & Strategy:

In-depth feasibility studies, planning, and strategic insights to initiate projects successfully.

Engineering Design & Analysis:

Innovative design solutions supported by rigorous technical analysis.

Technical Consultation & Project Management:

Tailored advisory services and hands-on project management to ensure seamless project execution.

Customized Solutions:

Services are adapted to meet the specific technical and operational needs of each project.

Our offerings are designed to meet the rigorous demands of modern industry while maintaining high standards of quality.

Heavy Equipment & Rental Services

Valmos Holding Group provides a broad range of heavy equipment rental solutions to support your operational needs. Our services include:

Diverse Fleet:

Providing essential construction materials and site work services to build robust foundations for roads, commercial buildings, and public infrastructure.

24/7 Operations and Maintenance

Round-the-clock Service to ensure reliability and responsiveness.

Tailored Rental Options:

Conducting comprehensive traffic surveys that include vehicle counts, turning movement analysis, speed profiling, and queue assessments. Our surveys provide actionable insights to optimize traffic flow, enhance road safety, and support effective urban planning.

Our commitment is to provide reliable, efficient equipment that helps keep your projects moving forward.
